

### Metadata Standards Crosswalk

The crosswalk below includes only a partial list of the elements for each standard, focusing on the areas of overlap. This crosswalk is for planning purposes only; it is an *intellectual mapping*. To create a technical mapping, programmers and developers should use this crosswalk for general guidance, but please refer to the original standards. For the full list of elements for any one of the standards below, see references at the bottom of this page.<sup>[1]</sup> This crosswalk is maintained by the Getty Vocabulary Program in connection with CDWA. For comments, please write to [cdwa@getty.edu](mailto:cdwa@getty.edu). (To print this crosswalk from your Web browser, use the 11 x 17-inch paper size setting, landscape print format, .25-inch margins.)
