

# BUILDINGS AND SITES OF DISTINCTION

## City of San Juan Capistrano, California

The Buildings and Sites of Distinction list (BOD), created between 1977 and 1987, serves as a list of structures and sites which are potentially eligible for inclusion on the City's "Inventory of Historic and Cultural Landmarks" when they meet all listing criteria and/or have property owner concurrence to be added to the Inventory. The BOD is an honorary designation and imposes no restrictions nor conveys any benefits (refer to the October 27, 1987 Cultural Heritage Commission Agenda Item on the "Buildings of Distinction"). However, proposed development projects on these sites may need to address additional issues under the California Environmental Quality Act.
